

CASE STUDY

CLIENT	Private
SECTOR	Residential Kitchens
LOCATION	London, UK
APPLICATION	Island Unit
FINISH	Textured
COLOUR	Gunmetal & Bronze

DESCRIPTION

A kitchen island for a London residential re-fit was created using a texture and two Metalier metals, Bronze and Gunmetal. It shows how effective the use of two metals can be. The bronze was applied first and the gunmetal texture second. The metals were sanded back in patterns to expose the bronze underneath. The clear coat is semi-gloss.

CLIENT	Private
SECTOR	Residential Kitchens
LOCATION	Auckland, NZ
APPLICATION	Island & Cupboards
FINISH	Water Aged
COLOUR	Brass

DESCRIPTION

Metalier Lightly-aged Brass was the hero finish in this Auckland kitchen. The panels in the front of the island are in this finish as are the cupboard doors that hide the rangehood on the back wall. The marble eating area at the side of the island is supported by brass coated legs and the edging round the marble was Metalier Brass.

CASE STUDY

CLIENT	Private
SECTOR	Residential Kitchens
LOCATION	Auckland, NZ
APPLICATION	Kitchen Cupboards
FINISH	Smooth
COLOUR	Classic Gold

DESCRIPTION

Metalier Classic Gold smooth polish was chosen for this kitchen which featured detailed finishing and edges. This kitchen is a great illustration of how metal appears in different lighting. The cupboards over the rangehood are in exactly the same metal and finish as the cupboards on the rear wall of the kitchen. The rangehood cupboards appear so much lighter than the rear wall simply because they are next to the window.

CLIENT	Private
SECTOR	Residential Kitchens
LOCATION	Hanoi, Vietnam
APPLICATION	Island
FINISH	Light Patina
COLOUR	Champagne Gold

DESCRIPTION

This kitchen island in Hanoi, Vietnam was created by a kitchen designer for his own home. It is in Metalier Champagne Gold – the designer loved the Harrod's escalators – and the patina is cleverly graded from left to right. The clear coat is a mix between satin and semi-gloss that was created for this application.

CASE STUDY

CLIENT	Private
SECTOR	Residential Kitchens
LOCATION	Wanaka, NZ
APPLICATION	Wall panles & Cupboards
FINISH	Dark Moody
COLOUR	Bronze

DESCRIPTION

This kitchen design won its creator the Supreme Designer of the Year Award by the National Kitchen & Bathroom Association in New Zealand. Metalier in an Aged Dark Moody Bronze is featured at the ends of the hob section on the back wall and on the overhead cupboards and portal surrounds. The depth of the colour and finish accentuated the beautiful stone of the island and splashback. Metalier finishes are great as the hero in a design and equally great showcasing other materials.

CASE STUDY

CLIENT	Private
SECTOR	Residential Kitchens
LOCATION	Wanaka, NZ
APPLICATION	Cupboards
FINISH	Aged
COLOUR	Nickel Silver

DESCRIPTION

This kitchen design features Metalier Aged Nickel Silver on the kitchen island and the cupboards above the hobs at the back of the kitchen. The whole of the hob area and sides are encased in a Metalier capsule. It is a compelling design that won its designer an award.

CASE STUDY

CLIENT	Private
SECTOR	Residential Kitchens
LOCATION	Auckland, NZ
APPLICATION	Panels & Cupboards
FINISH	Aged
COLOUR	Bronze

DESCRIPTION

This finish in Metalier Aged Bronze won its designer a Supreme Kitchen Award. Metalier Aged Bronze is featured on the panels above the hobs, on the cupboard doors above the fridge and glass doors on the right and on the surrounds of the glass doors.

CASE STUDY

CLIENT	Private
SECTOR	Residential Kitchens
LOCATION	Auckland, NZ
APPLICATION	Splashback
FINISH	Textured Dark Aged
COLOUR	Copper

DESCRIPTION

The splash backs shown here are in Metalier's Heavily Aged textured copper. The aging is so intense, it almost looks black.

CASE STUDY

CLIENT	Private
SECTOR	Residential Kitchens
LOCATION	Auckland, NZ
APPLICATION	Splashback
FINISH	Lightly Aged
COLOUR	Rose Gold

DESCRIPTION

The splashback shown in this image is created in Metalier Aged Rose Gold. The colour is a light feature that works well with the grooved white panelling of the kitchen island.
