

CASE STUDY

CLIENT	Harrods
SECTOR	Retail
LOCATION	London, UK
APPLICATION	Escalators
FINISH	Smooth Polish
COLOUR	Champagne Gold

DESCRIPTION

The underneath and sides of a bank of escalators in Harrods, London were coated with Metalier Champagne Gold with a satin clear coat. There were five stories of escalators and the roof of the famous retail store was removed to allow installation.

CASE STUDY

CLIENT	Westfield Newmarket
SECTOR	Retail
LOCATION	Auckland, NZ
APPLICATION	Ceiling Ribs
FINISH	Aged
COLOUR	Bronze

DESCRIPTION

Metalier Aged Bronze was used on decorative ceiling panels in the atrium of a bank of escalators in a city mall. The bronze was patinated to give an aged look and the finish was sealed with a satin clear coat. The substrate was mild steel and the L shape was created in two separate pieces that were married up during installation.

CASE STUDY

CLIENT	Walkers - Partition Walls
SECTOR	Retail
LOCATION	Auckland, NZ
APPLICATION	Partition Wall
FINISH	Light Aged
COLOUR	Aluminium

DESCRIPTION

The designer used Lightly-aged Metalier Aluminium on MDF as a backdrop in this jewellery store. It is situated within a shopping mall. The dulled aluminium look allows the sparkling jewellery merchandise to take centre stage. The metal finish is lightly sanded and then diluted patina was applied. A satin clear coat was used.
